REPORT OF BOARD OF DIRECTORS.

OCTOBER 22, 1874.

To His Excellency John J. Jacob, Governor:

The Board of Directors of the West Virginia Hospital for the Insane have the honor to submit for your consideration, the following annual report for the year terminating on the first day of October, 1874:

One of the main objects which the directors have had in view has been to relieve the suffering insane confined in the various jails of the State, and it is gratifying to be able to say that this object has been attained, so far that the jails are now completely emptied of these unfortunates. It would add to the general gratification, could it be reported that, at the Hospital, there was that amount of room, which the comfort of the patients and the best condition for their recovery demand. But it is a subject of regret, that owing to the inadequate appropriations by the Legislature, the progress in building the Hospital has been so slow, that the institution has unavoidably been, and still is, too much crowded to give it that curative character which such an establishment ought to possess. The present Superintendent and his assistants have labored with most praiseworthy zeal and skill in the performance of their arduous duties, yet no assidnty, no skill, can counteract the the difficulties presented to curing the insane in crowded hospitals. Ever since the foundation of the Asylum, the Legislature has been petitoned, importuned, for a more liberal supply of means for construction, and yet the building is unfinished. It is to be hoped that, at the next session, the Legislature will adopt a more liberal policy in making appropriations to this humane object. If for each of the years, 1875 and 1876, an appropriation of at least \$60,000 be made for the construction of another three story section, the building will reach such proportions as to render it the great blessing it was designed to be. To appropriate less than that sum will neither comport with real humanity, nor true economy.

In the report of the Board of Directors made in October 1873, your Excellency was informed that the construction of a brick build-

ing, to be temporiarly used for the accommodation of patients, ultimately as an engine house, was provided for. That building is now completed and is occupied by sixty patients.

A new section, adjoining the main building and north of it, has been started, and is partly finished. The tower hall is completed and occupied. The two upper halls will require for their completion about \$25,000. These, when finished will accommodate sixty patients. It is to be hoped that provision will be made for them so that they will be completed by August, 1875.

At the risk of being thought importunate, the Board would again call the attention of the Legislature to the subject of purchasing Mr. C. Boggess's lot of land. This land lies immediately in front of the south wing of the Hospital, at a distance of about ninety feet. If this property should fall into the hands of different parties, laid off in lots and built upon, as it is likely to be, it could only be procured by the State, at a greatly increased price. It may be asserted, perhaps, without danger of contradiction, that the State will purchase it sooner or later, and that it would be sound poiley to purchase it now.

For further information and for all the details of the affairs of the Hospital, Your Excellency is referred to the accompanying reports of the Medical Superintendent and Treasurer.

Signed by order of the Board.

John J. Thompson, President.

REPORT OF SUPERINTENDENT.

WESTON, W. VA., Sept. 30, 1874.

\$20,147 07

To the Board of Directors of the West Va., Hospital for the Insane:

GENTLEMEN:

I herewith present the eleventh annual Report of this Institution.

For the first six months ending March 31st, 1874, I have received from the Treasurer as follows:

October\$3,000 00
November
December
January
February
March 3,000 00
5,000 00
Total \$10.000.00
Total

OPERATIONS OF THE HOSPITAL.

From increased provision for their accommodation we have twice during the year taken all the white insane that were in jails. In May the brick three story building was ready for occupancy; we took part of our Hospital force, and accompanied by Dr. Kunst or myself, rapidly placed all who were in jails in the Hospital, and in September when another hall was finished in the new section the same course was pursued. And now at the close of the year we can for the first time in the history of this Hospital say that all the insane citizens of the State are cared for except her colored insane, about six of this class are known to be in jails, and I hope that some provision will soon be made by the legislature for them. Some three or four non-residents are in jails, I have advised them to be sent to their places of residence as provided by the Code. Quite a number of foreign insane are traveling over this section of the State, where they are from or how they get their liberty to roam is a mystery to me. I hope no Hospital has taken this method of ridding itself of the incurables.

NECESSITY FOR MORE ROOM

Is still urgent. Heretofore, owing to the erowded condition of the Hospital, patients were often compelled to be kept in jails for months and years, and as time clapsed their hope of recovery was proportionably less, and as a section was added or a vacancy occurred they were received, but often in an incurable condition. This has unfortunately been the case ever since this was a Hospital until it has almost become filled with incurables. Now just as we can see light ahead and can report the jails clear, we have also to report that the Hospital is crowded to its utmost capacity for females and soon will be for males, and as new applications come in the same old reply will have to be given "No room."

I cannot too forcibly urge upon the Legislature through you the great necessity of furnishing the two new halls which only need plastering, flooring, painting, &c. These two halls will accommodate

sixty patients, and we feel confident that the jails can be kept clear for a year to come, and by being able to receive as soon as insanity shows itself, we can in proportion hope for a more certain and speedy cure.

AMUSEMENTS.

During the winter months we have had our weekly dance, and as almost all the patients who are in a condition to appreciate amusements can take an active part in a dance, we find that they are more fond of this kind of amusement than any other. We have also occasionally concerts, magic lantern, &c., and entertainments given by different persons. Our patients are very fond of any kind of shows, and the circus and menageric and side shows are usually well attended. I am glad to report that the proprietors, as a general rule, are very generous, and free admissions are procured. The ten pin alley was in constant use during the winter. The Halls have bagatelle, cards, draughts, dominoes, and lately we have added a billiard table to the new hall. A substantial side-seated spring carriage capable of holding eight patients was purchased under your directions, which, together with the pony pheatons are used for the females. The males take daily exercise in the yard and in walking. About one hundred attend Sunday Chapel. Many of them are fond of reading, but I am sorry to say that our Library is very indifferent, Will not some one contribute?

OUR WORKING FORCE.

During the spring and summer we have worked a greater number of patients than we have ever done before, and we believe with good results to them. The exercise by promoting healthy action of the body and by employing the mind, changing it from its morbid course invites natural mental and physical health.

From thirty to forty men have worked pretty constantly on the farm, garden, grading the grounds, &c. About twelve acres have been cleared and planted in corn and potatoes, about five acres in turnips, nearly eight acres have been cleared and grubbed and made ready for sowing grass seed. We have graded, laid out walks and sodded the grounds in front of the new section, and have removed and reset the palings to enclose our new grounds, all of which has been done with our own force.

NECESSITY OF BUYING THE BOGGESS LOT AND LANDS OWNED BY HENRY FLESHER

Is shown by the accompanying diagram. It will be seen that the Boggess lot encroaches up to our very doors and we are compelled to rent the property to give our patients walking room and to prevent unpleasant persons from annoying us. There is a beautiful grove on it and a spring to which we are indebted for water. You will also observe that the lines marked out for the Hospital buildings encroach upon the lands of Henry Flesher. You will see that the wing buildings are marked out on his lands and another section cannot be built without cutting off all communication by teams, &c. with the back portion of the Hospital, stables, ice house, &c. It therefore becomes a positive necessity to have a road as marked out through his lands, and to extend the Hospital as designed.

I hope the Legislature will see at a glance the necessity of purchasing these lots and make provision to that end.

TRANSPORTING PATIENTS WITH OUR OWN EMPLOYEES.

At the suggestion of the Superintendent the Legislature passed a law authorizing him to send for patients when practicable, and allowing only travelling expenses in transporting them to the Hospital, instead of paying the sheriffs, gnards and for patients eight cents per mile travelling to and from the Hospital. We have availed ourselves of this provision, and since April last Dr. Kunst and myself, accompanied by the Hospital attendants, have transported fifty-four (54) patients to the Hospital at a cost of a little over one-third what it would have cost to have admitted them by sheriffs. About \$1,500 has been saved to the State in this way within six months.

APPROPRIATIONS FOR CURRENT EXPENSES FOR 1875 AND 1876.

There will be needed for the year 1875, for 375 patients at \$2.70 per week, \$52,650.00.

For the year 1876, for 400 patients, at \$2.70 per week, \$56.160.00. Although the expense per week has not as yet been this high a slight advance in price on a few leading articles of consumption might increase our expenses.

It will also be seen that we have not as yet 375 patients in the Hospital, but if the Legislature makes the necessary appropriation to finish two more halls, they will likely be finished against September, 1875, and we will then be able to accommodate 400 patients from September 1, 1875 to March 1, 1876 (at which time we usually draw from the appropriation made the winter before by the Legislature).

Hence I have added the expense of 50 patients for six months and averaged it 375, and for 1876, 400. This calculation is based upon the presumption that the Legislature will appropriate to finish the next two halls. If not, the amount needed will be less in proportion

APPROPRIATIONS FOR TRANSPORTATION OF PATIENTS.

CONTRIBUTIONS.

It always affords me much pleasure to acknowledge donations. During the year we have been the recipients of the following:

Ladies' Repository.

For the year 1875.....

Democrat, Weston.

Sun, Clarksburg.

Preston County Herald.

Western Christian Advocate.

Pittsburg Christian Advocate.

Religious Telescope.

Daily Courier Charleston (suspended).

Tri-Weekly Courier, Charleston.

Weekly Courier, Charleston.

Daily Register, Wheeling, W. Va.

Journal, Charleston, W. Va.

Moundsville Reporter, Moundsville, W. Va.

Plaindealer, Phillippi, W. Va.

Examiner, Parkersburg, W. Va.

Martinsburg Independent, Martinsburg, W. Va.

Piedmont Independent, sent by L. D. Camden.

Monitor by Patients of Tuscaloosa Asylum, Ala.

Mountain Herald, Hinton, W. Va.

Commissioner of Patents for Weekly Patent office Reports.

To "Sells Bro's circus," 60 tickets to circus.

To Jones Bros. 60 tickets to concert.

To D. Hoffman 60 tiekets to side show.

To Prof. Davenport for entertainment in Chapel.

To "Great Southern Show," free admission of patients.

To the Agricultural and Mechanical Society for free admission during the Fair.

To Miss D. L. Dix, who paid our Hospital a visit and for presenting us with a handsome kaleidoscope.

To the ministers of the gospel of the various denominations we all feel indebted for the Chapel services.

To the ladies and gentlemen from Weston who aid in the choir we feel under many obligations.

To the Attendants, both male and female, and to all who are connected with the Institution and upon whose efforts the well management of it so much depends, I take pleasure in returning my thanks for the manner in which they have aided in their several departments.

To the officers, Dr. A. H. Kunst, Assistant; C. O'Hara, Clerk; Mrs. Jackson, Matron; Mrs. Moore, Assistant Matron; Tillie Camden, Supervisor; all of whom have worked in unison in the arduous and responsible positions to which they have been called and have contributed much to lighten the burthens and responsibilities of so great a charge.

To the Board of Directors and Local Board: I take great pleasure in acknowledging your many and uniform kindnesses, and for at all times aiding me with your advice on all subjects connected with the Hospital.

With the Invocation of the blessings of Heaven on our Institution, and committing it to His protecting care,

I respectfully submit this report.

T. B. CAMDEN, Sup't.
